VIA ELECTRONIC SUBMISSION   *EX PARTE* COMMUNICATION

Ms. Marlene H. Dortch, Secretary
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554   RE: Wireless E9-1-1 Location Accuracy Requirements, PS Docket No. 07-114

Dear Ms. Dortch:

On Thursday, December 15, 2016, the undersigned, from Comtech Telecommunications Corp. ("Comtech"), met with the member of the Federal Communication Commission's ("Commission") Public Safety and Homeland Security Bureau ("PSHSB") listed below. Comtech appreciates the opportunity to meet with the PSHSB.

Our discussions centered on the questions and open issues detailed in the September 19, 2016 Ex Parte visit of the CTIA[1] and the October 21, 2016 Ex Parte visit of the CCA[2] to the Commission related to the correct reporting of live 9-1-1 call data as directed by the Commission in this docket. Comtech expressed its support of both the CTIA and CCA for raising these questions inasmuch as vendors like Comtech may be responsible for processing such reports on behalf of smaller carriers and wishes to be consistent with the rules in this docket. Comtech encouraged the Commission to provide clarifying instructions in response to these questions prior to the first reporting deadline.

Pursuant to Section 1 .1206 of the Commission's rules, 47 C.F.R. § 1.1206, this letter is being electronically filed via ECFS with your office and a copy of this submission is being provided to all FCC employees mentioned herein.

Please direct any questions as to this matter to the undersigned.   Thank you.

Sincerely,
/s/
Kim Robert Scovill, Esq.
Vice President – Legal, Regulatory, and External Affairs
